

B A R I S T A
COFFEE PINOTAGE

BARISTA

An exciting new brand from Bertus "Starbucks" Fourie, is the crème of Pinotage blends from South Africa. As the winemaker who created the coffee Pinotage style in South Africa, Bertus felt that this Pinotage blend was his best ever, and deemed it appropriate to name the brand Barista, being the title of someone who has an exceptional level of skill in making espresso.

GRAPES

100% Pinotage grapes from the Robertson area. In our experience the Pinotage grapes produced from dark, deep red soils, usually Glenrosa and Oakleaf soils, yield the grapes with the perfect parameters for this style of wine.

TASTING NOTE

A burst of intense, rich coffee and chocolate aromas with ripe nuances of mulberry, plum and Maraschino cherries.

FOOD & WINE

Perfect with everything! It has been listed in several restaurants as an accompaniment of different meat types, rich, creamy casseroles and even the most controversial desserts. Perhaps my favourite remains a blue cheese filled brandy snap, with Belgian chocolate and roasted coffee beans...
